This is NOT an insurance valuation. Retail value stated is an OPINION of theoretical retail price on an identical or similar item (unless otherwise stated) from a traditional prestige New Zealand showroom, without discount or negotiation, in NZ dollars, including GST & Duty if applicable, on the date specified. Items are valued in their current condition, deductions may have been made for wear and tear. Antique, and items that are not currently in production, are at the value they would realistically cost in open market situation between a willing seller and a willing buyer. This valuation does not represent the value one would expect to pay or receive if the item was sold for cash realisation. This valuation is INDEPENDENT, the valuer declares no pecuniary interest in the piece described. There are no uniform selling prices for jewellery and unless stated, this value does not represent any previous or present retail price. If used for selling purposes, the valuer accepts no responsibility if this document is used to indicate savings to a purchaser. Jewellery Valuers Co. Ltd. accept no responsibility for any commercial transaction or third party relying on this document. If you require an Insurance Valuation for this item, please contact writer.
